

# Grey-headed Flying Fox

(*Pteropus poliocephalus*)

**Status:** Vulnerable, population decreasing

**Habitat:** Forests, woodlands and intertidal mangroves

**Description:** The Grey-headed Flying Fox is a large bat with dark brown eyes, black wings, dark grey head and body as well as a broad reddish brown collar. The most conspicuous feature of this species is their fur, covering all their body and extending down to their ankles, unlike other Flying Fox species.
