

Build a Hanging Basket Drey!

Requirements:

- ✓ 2 x wire hanging baskets and coir inserts (10" - up to 4 ringtails, 12" - up to 8)
- ✓ Small cable ties
- ✓ Small screwdriver (for poking holes)

Preparation:

- ✓ Remove tags and plastic
- ✓ Hang new baskets and hose to remove manufacturing or pesticide residue
- ✓ Allow to air dry in sun

! Important Tips: Wash coir inserts before use (may contain pesticides)

- Don't cut cable ties - tuck ends in safely
- Include hidden exit where possible
- Thread natural bark and leaves through wires for insulation

How to Make It

- 1 Place liner inside bottom basket and secure
- 2 Place liner over top basket
- 3 Create entrance hole (tennis ball size)
- 4 Attach baskets together with cable ties
- 5 Secure chain or hook for hanging
- 6 Add soft leaf litter inside
